About Amatsu Mikaboshi

Amatsu-Mikaboshi (ja:天津甕星, "August Star of Heaven"), also called Ama-no-kagaseo(ja:天香香背男, "Brilliant Male"), is the god of evil and the stars, specifically the pole star.

The term Ama-no-Kagaseo came about when certain Japanese Onmyoji (sorcerers) or members of the Imperial house attempted to establish a cult of worship of the Mikaboshi in the attempt to shamanistically direct its power of destruction against one's enemies. Ama-no-Kagaseo was said to be the corporal form of the Mikaboshi who drew his power from the Pole Star.

About Ishikoridome no Mikoto and the Yata Mirror

Ishikoridome no Mikoto is the offspring of Amanonukato no mikoto, and claimed as the ancestral deity of the Kagami-zukuri, or "mirror-maker" clan. At the time of Amaterasu's hiding away in the rock cave of heaven, the deity Omoikane no mikoto had bellows made from a deer's hide, and ordered Ishikondome to forge a mirror from metal of the mountain Amanokaguyama. For that reason, Ishikondome was enshrined as an auxiliary deity (see haishi) at Hinokuma Jingū.

The mirror, Yata no Kagami (八咫鏡, Yata no Kagami) is a sacred mirror that is part of the Imperial Regalia of Japan. It is said to be housed in Ise Shrine in Mie prefecture, Japan. The Yata no Kagami represents "wisdom" or "honesty," depending on the source. Its name literally means, "The Eight Hand Mirror", likely a reference to its width.

In Japanese myth this mirror and the Yasakani no magatama were hung from a tree to lure out Amaterasu from a cave. They were given, with the sword Kusanagi, to Amaterasu's grandson, Ninigi-no-Mikoto, when he went to pacify Japan.
From there the treasures passed into the hands of the Imperial House of Japan.

About the Lunar Retroreflector

The ongoing Lunar Laser Ranging Experiment measures the distance between the Earth and the Moon using laser ranging. Lasers on Earth are aimed at retroreflectors previously planted on the Moon and the time delay for the reflected light to return is determined. The distance continually changes for a number of reasons, but averages about 384,467 kilometers (238,897 miles).

The experiment was first made possible by a retroreflector array installed on July 21, 1969, by the crew of Apollo 11. Two more retroreflector arrays left by the Apollo 14 and Apollo 15 missions have contributed to the experiment.

The Apollo 11 and Apollo 14 retroreflector arrays consist of 100 corner-cube prisms in a 10×10 array. Each corner cube is made of fused silica (quartz) and is 3.8 cm in diameter. The Apollo 15 array has 300 3.8 cm corner cubes in a hexagonal array. Because this reflector is three times larger than the previous two, it gets preferential treatment by the photon-challenged LLR stations currently in operation. As of 1994, 6,300 of the 8,400 range measurements (75%) had been made to the Apollo 15 array.

Silent Sinner in Blue.

ある日、博麗霊夢の所に八雲紫が訪れ、霊夢に稽古をつけると言う。
その裏には以前、月への侵攻に失敗した紫が再び攻め入ろうとする思惑があった。
これを耳にしたレミリアは紫より先に月に行こうとロケットを製作し、
ロケットの推進力の役目を負わされた霊夢は住吉三神習合の修行を始める。
一方で月から逃亡中の八意永琳は先ごろ幻想郷にやってきた玉兎に綿月姉妹に宛てた手紙を持ち帰るよう指示した。
月の都の反乱を鎮定する策を授けるためである。そして、これを魔事受け取った綿月姉妹はそれに呼応する。

無事完成したロケットは霊夢ら7人を乗せ、飛び立つも、月到着時にロケットは大破。
そこにやって来た綿月依姫にレミリアは宣戦布告をするが、依姫の圧倒的な力により一同降参。
その状況を打開するべく霧雨魔理沙が「スペルカードルールによる決闘」を提案。
意外にも乗ってきた依姫は十六夜咲夜と対決し、魔利を収める。
レミリアの意思によって次の相手に魔理沙が指名され……。

About Ame no Uzume no Mikoto

The sub-(to the extent that it's sub-)text here again is the legend of when Susano-o scared Amaterasu into the Ama no Iwato cave, causing the fires of the sun to go out and endless night to descend over the land. She was lured out by the sounds of the revelry that was the other gods' reactions to the goddess of dawn and merriment, Ame no Uzume no Mikoto's dancing [at least mostly naked on top of an overturned basin] and when she peeked out to see what was going on, she was dazzled by a ray of light that was caught in a mirror hung outside the cave. Pulled out into the scene of merrymaking, she agreed to leave the cave and light was brought into the world once again.

Yukari finally appears, and it looks like she knows something

About Oomagatsumi-no-kami

And this month's god is Oomagatsumi-no-kami (God of the Great Calamities), which is described as an amalgamation of the two gods of impurity born from the stench that Izanagi cleansed himself of after fleeing Yomi (the shinto hell) Afterwards, Oomagatsumi-no-kami eventually began to be worshipped as god who protects form calamities and disasters as well.

About Izunome

Izunome (伊豆能売) is. In some senses, a rather curious goddess. She is mentioned only briefly in the passage in the Kojiki where Izanagi purifies himself in the river after having fled Yomi, and then only to note her creation. Practically nothing else is ever said about her, and she does not appear at all in the Nihonshiki. Even her gender is arguable, since while -me in deities' names tend to denote goddesses, her gender is never explicitly mentioned. Her name does not end in -no kami or -no mikoto like most other gods, and there are no shrines dedicated to her worship. Given Reimu's terminally lazy nature, it's not too surprising she's never heard of her, as opposed to a wildly popular god like Ookuninushi.

I GUESS I'LL JUST SNEAK IN AND TALK TO THEM.
WELL, THEN,
シュ

BUT I'M INTERESTED IN WHY THE SHRINE MAIDEN ISN'T BACK AT THE SHRINE.
IT'S BEEN ALMOST TEN DAYS SINCE YOU CAME BACK,
ABOUT WHEN WE WENT TO THE MOON, THEN?
OH, SO YOU'RE GOING TO ASK

TOO LATE?
IF THAT'S WHAT YOU'RE HERE FOR, YOU'RE TOO LATE.
WE HAVEN'T HEARD THE WHOLE STORY, HAVE WE?
I KNEW IT...
SHE'S JUST A LITTLE GIRL.
ISN'T SHE 500 YEARS OLD?
IF YOU'RE GOING TO ASK HER ABOUT THE MOON, YOU'LL ONLY BE TREATED AS A NUISANCE.
M'LADY'S INTERESTS HAVE ALREADY BEEN TAKEN BY SOMETHING ELSE.
WHAT DID YOU SAY?
THERE'S NO END TO M'LADY'S INTERESTS.
SO,
M'LADY SAYS THE LONGER SHE LIVES, THE MORE INTERESTS SHE FINDS.
A LONG-LIVED YOUKAI WOULD BE THE BEST NEWSPAPER REPORTER

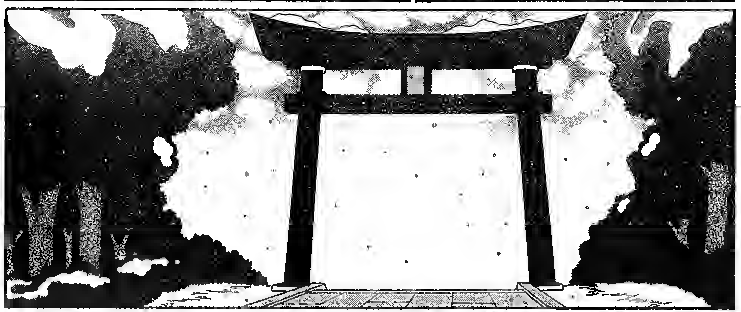
◆こんこんという音がする…。
THAT THING YOU SAW UNDER THE WILLOW TREES
...YOU SAY IT WAS A GHOST?
YES.
WHAT?
WEREN'T THE LUNAR CAPITAL FOLKS IMMORTAL?
GHOSTS ARE IMMORTAL TOO.
IF THEY DON'T DIE, HOW COME THEY HAVE GHOSTS?
IT'S A "THE EGG OR THE CHICKEN" SITUATION.
WELL, YEAH, THAT'S TRUE. BUT YOU SEE...

IS THAT A VISITOR COMING?

Is it really?
?
AH!



MAYBE THEY SEE EVEN WHAT ISN'T THERE?
TENGU EYES ARE A LITTLE TOO GOOD.

HUH? I CAN'T SEE ANY-THING
……

SEEMS YOU FINALLY RETURNED FROM THE MOON
REIMU.
SURE TOOK HER LONG.

Huh...!?
IS IT OKAY FOR YOU TO BE DRESSED LIKE THAT?
WHAT DO YOU MEAN?
WHAT'S WITH THOSE COLD-LOOKING CLOTHES?

LIKE I SAID
AS AN APOLOGY, THIS TIME WE ARE THE ONES OFFERING TO TAKE YOU TO A SEA
A SEA?
BUT THERE ARE NO SEAS IN GENSOKYO.
YES
YES

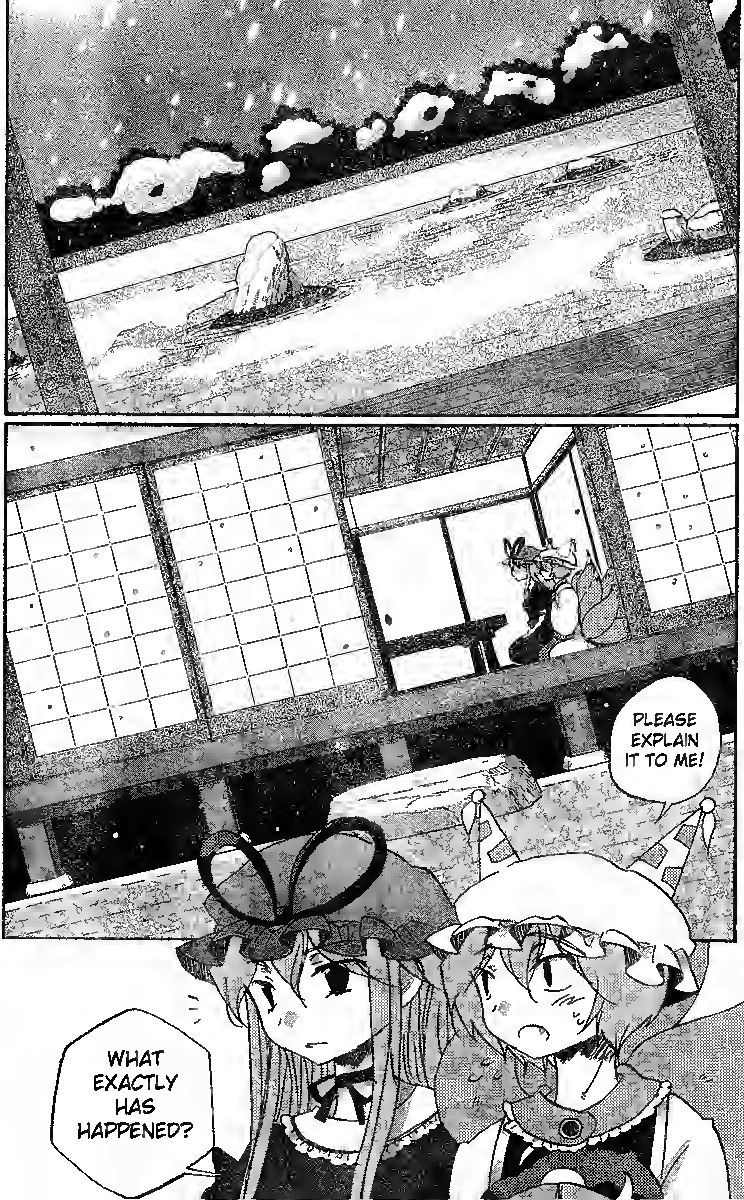
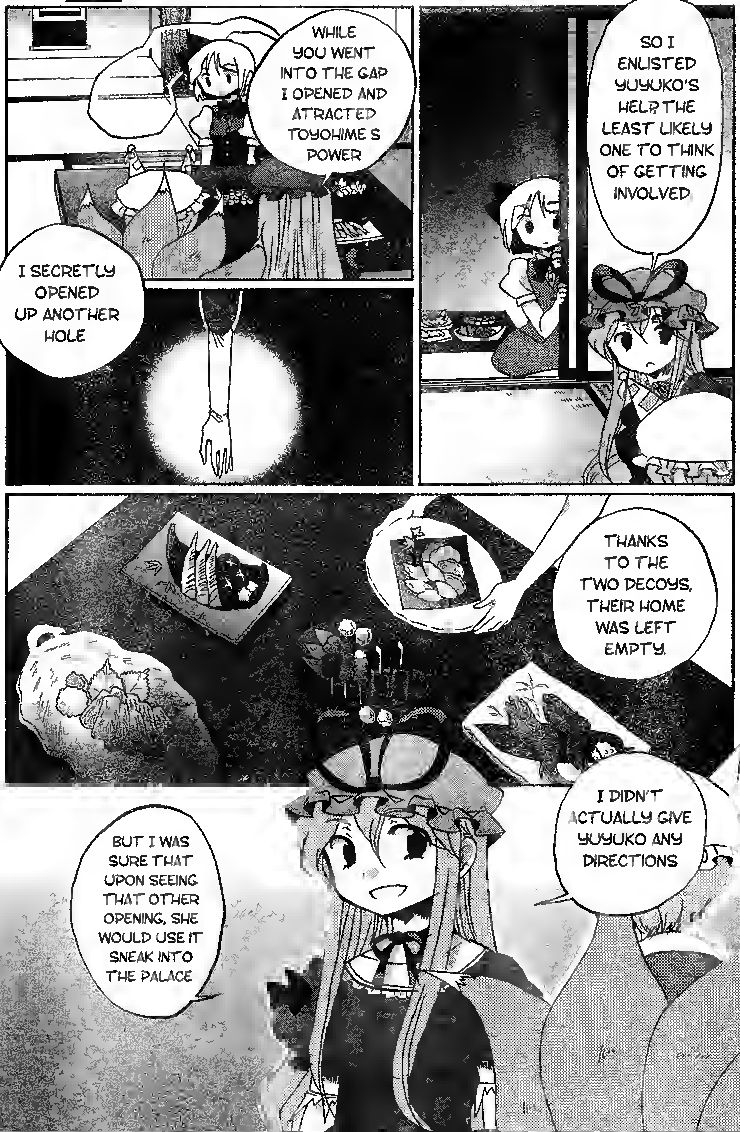
MY, AREN'T YOU LATE?
I WAS WAITING FOR SOO LONG...
THE ALIENS KEPT WATCHING ME FOR A WHILE.
I HAD TO PRETEND TO BE ANGRY
WELL, WE ARE STILL PREPARING ANYWAY...
BUT BY ALL MEANS, PLEASE COME IN.
.....



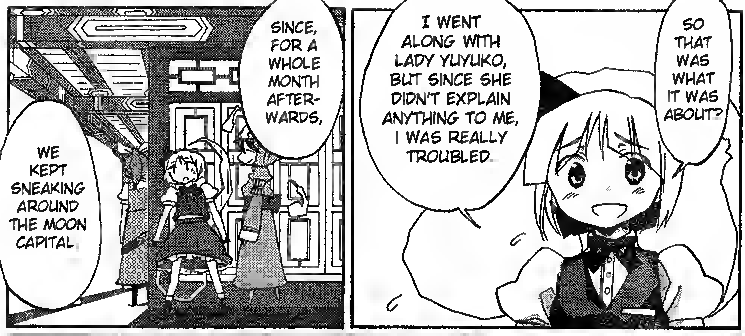
PLEASE EXPLAIN IT TO ME!
WHAT EXACTLY HAS HAPPENED?

ONE OF THEM HAS GREAT POWER IN BATTLE BY MEANS OF LETTING GODS DESCEND ONTO HER BODY.
AND THE OTHER ONE WATCHES OVER THE TIES THAT BIND THE EARTH AND THE MOON.
THE LEADERS OF THE LUNAR EMISSARIES ARE TWO.
LIKE I SAID, IT WAS A DECOY
IN ORDER TO DECEIVE THE LUNAR EMISSARIES, TWO DECOYS WERE NEEDED
YOU UNDER-STAND?
AND THOSE TWO DECOYS...
I DON'T KNOW IF IT'S TRUE THAT THE BRAIN OF THE MOON RESIDES ON EARTH.
BUT SINCE THEY HAVE SPIES EVERYWHERE, WE HAD TO THROW OURSELVES INTO A TRAP IN ORDER TO DECEIVE ANY SPY.
THE VAMPIRE'S PARTY WAS TO DRAW OUT THE FIGHTER ONE...
AND THEN WE...

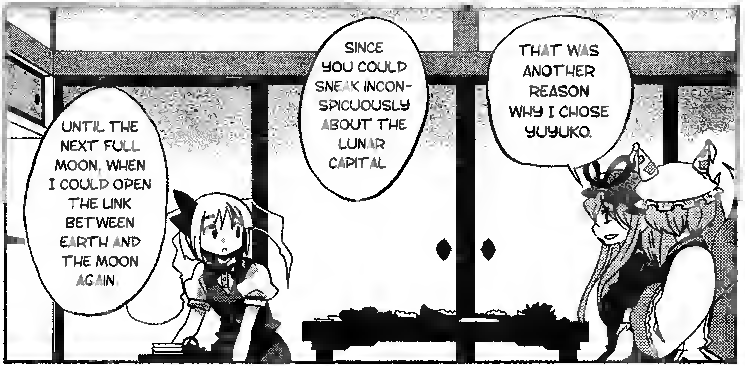
Comic REX 毎月9日発売!!



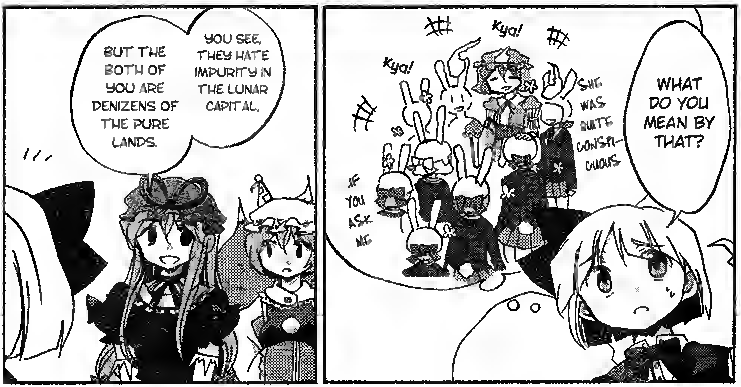
WHILE YOU WENT INTO THE GAP I OPENED AND ATRACTED TOYOHIME'S POWER
I SECRETLY OPENED UP ANOTHER HOLE
SO I ENLISTED YUYUKO'S HELP THE LEAST LIKELY ONE TO THINK OF GETTING INVOLVED
THANKS TO THE TWO DECOYS, THEIR HOME WAS LEFT EMPTY.
I DIDN'T ACTUALLY GIVE YUYUKO ANY DIRECTIONS
BUT I WAS SURE THAT UPON SEEING THAT OTHER OPENING, SHE WOULD USE IT SNEAK INTO THE PALACE



SO THAT WAS WHAT IT WAS ABOUT?
I WENT ALONG WITH LADY YUYUKO, BUT SINCE SHE DIDN'T EXPLAIN ANYTHING TO ME, I WAS REALLY TROUBLED.
SINCE, FOR A WHOLE MONTH AFTERWARDS,
WE KEPT SNEAKING AROUND THE MOON CAPITAL.



THAT WAS ANOTHER REASON WHY I CHOSE YUYUKO.
SINCE YOU COULD SNEAK INCONSPICUOUSLY ABOUT THE LUNAR CAPITAL
UNTIL THE NEXT FULL MOON, WHEN I COULD OPEN THE LINK BETWEEN EARTH AND THE MOON AGAIN.



WHAT DO YOU MEAN BY THAT?
SHE WAS QUITE CONSPICUOUS
Kya!
Kya!
IF YOU ASK ME
YOU SEE, THEY HATE IMPURITY IN THE LUNAR CAPITAL.
BUT THE BOTH OF YOU ARE DENIZENS OF THE PURE LANDS.
